Linden High School Annual Education Report

Wednesday, August 31, 2011

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2010-2011 educational progress for Linden High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact Russ Ciesielski, Principal of Linden High School for assistance.

The AER is available for you to review electronically by visiting the following web site www.lindenschools.org and then go to Our Schools then Linden High School, or you may review a copy from the main office at Linden High School.

For 2011-2012, Linden High School made Adequate Yearly Progress (AYP) in English language arts and mathematics, but did not make AYP as a school. While we are pleased to have hit some important goals, we are continuously working to improve on others. We appreciate the continued support of parents, staff and our community in this effort.

Linden High School housed 879 students in grades 9 through 12 in 2010-11. Forty percent of our student body is represented at our three annual parent-teacher conferences. Linden High School is a trimester school, which allows

students to take 15 classes per year, 5 per trimester. These courses are aligned with the Michigan Merit Curriculum. Linden High School also offers students the option of virtual learning. To access our curriculum, please go to our website at www.lindenschools.org and then proceed to Our District and the Curriculum.

Our School Improvement Plan is in its 3rd year of the cycle. Two goals for increased student achievement we constantly review are:

1. All students will increase proficiency in writing
2. All students will increase proficiency in mathematics

During the school year, staff members gather data from the Michigan Merit Exam, MEAP and local assessments to determine the proficiency level of students in math and writing. Fifty five percent of the students who took the 2011 MME Writing test had a proficient level or above. Those same students who tested in math on the 2011 MME had a 66% proficiency rate or above.

In 2010-11 Linden High School graduated 204 students. Linden High School did not have any students dual enroll for the 2010-11 school year. Ninety six (10%) students at Linden High School enrolled in at least one of the eight Advanced Placement courses. These courses included: AP US History, AP Government, AP English, AP Chemistry, AP Studio Art, AP Psychology, AP Biology and AP Calculus AB. One hundred thirty AP tests were taken by Linden students. Seventy seven (59%) tests scored a three (3) or better.

Linden High School is a fantastic place for students. Our balanced emphasis on academic rigor, extra curricular activities and positive relationships creates an atmosphere of success for all our students. I commend our teaching staff for the professionalism and excellence in education. I congratulate our students and parents for their continued dedication to the pursuit of academic excellence.

Sincerely,

Russ Ciesielski
