Please indicate below which students in your class will not be successful. These are the students that no matter what graded assignments, projects, or assessments they complete cannot achieve over a 60% in your class for the second trimester. Please do not include those students who will receive an E-. Only include students who cannot achieve over a 60%.

RETURN TO PRINCIPAL NO LATER THAN FRIDAY, FEBRUARY 25, 2011.

Our goal is to identify those students who will need to repeat a core class that is required for graduation.

How a student earns credit

1. Student earns a 60% or better in the class. This would include class work, homework, assessments, projects, etc. Student will earn credit for the course.
2. Student earns a 78% or better on the final comprehensive common assessment. Regardless of grade earned student will receive credit for the course.

If a student on the E- list earns a 78% or better on the final comprehensive common assessment his/her grade will be calculated and grade earned will be the grade received.

If a student who has earned less than 60% in the class, but earns a 78% or better on the final comprehensive common assessment will receive a D- for their final grade.

3. Student (not enrolled in course) tests out of course. Student will receive credit for course which they tested out of.

Please complete one form for each course you teach. If more room is needed please add students name to back of sheet.
