Linden Middle School Annual Education Report

Wednesday, September 7, 2011

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2010-2011 educational progress for Linden Middle School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact Julie Brown, Principal of Linden Middle School for assistance.

The AER is available for you to review electronically by visiting the following web site, lindenschools.org, and go to Our Schools, then Linden Middle School, or you may review a copy from the main office at Linden Middle School.

For 2010-2011, Linden Middle School made Adequate Yearly Progress (AYP) in English language arts and mathematics. While we are pleased to have reached this important goal, we are continuously working to improve. We appreciate the continued support of parents, staff and our community in this effort.

Linden Middle School has an active School Improvement Team that desegregates student achievement data, analyzes results and develops a plan to target and improve areas of weakness. Currently, we are focusing on raising achievement in writing and mathematics. Students participate in various activities in each class that strengthens writing and problem-solving. As always, we look for parents and

community members to be involved in the planning of school improvement. Interested parents should contact me at (810) 591-0710.

Students are enrolled in Linden Middle School in sixth grade from the various elementary buildings in the District. Linden Middle School houses sixth through eighth grades. Currently, Linden Middle School has 754 students. Eighty-nine percent of our student body is represented at our annual school open house. Students take the traditional core classes and also have room in their schedule for two exploratory classes. To access our curriculum, please go to our Web site at www.lindenschools.org and then proceed to Our District and then Curriculum. We are proud to be aligned to the Michigan's Curriculum Framework.

Our School Improvement Plan is in its fifth year of the cycle. Two goals for increased student achievement are continuously reviewed and monitored:

1. All students will increase proficiency in writing.
2. All students will increase proficiency in mathematics.
3. All students will increase proficiency in reading.

All teachers in the building have students complete at least one writing piece during the school year, following the writing process. Two building-wide, local assessments are administered each year to track student growth. Each mathematics teachers continually reviews two key mathematical concepts on a daily basis. Every two weeks, students complete a mini-quiz and record results, tracking growth. Each core teachers implements reading and comprehension strategies to help students improve reading skills.

Linden Middle School is a great place to be. Our balanced emphasis on academic achievement, extracurricular activities, and positive relationships creates an atmosphere of success for all students. I commend our teaching staff for their professionalism and excellence in education. I congratulate our students and parents for their continued dedication to the pursuit of academic excellence.

I look forward to another great school year!

Sincerely,
Julie Brown
Julie Brown
Principal
