It is my goal to create a safe, and exciting learning environment for all students in my classroom. I have high expectations that I am sure students will exceed and I am willing to help students in any way possible to meet those goals. In return, I encourage students to bring their curiosity, enthusiasm, and determination with them to class each day. I look forward to the challenges and the successes of this year.

If you have any questions or concerns, please ask. I check my email frequently throughout the day and it may be the best way to get in touch with me. I will respond as quickly as I can on the day I receive your email unless I am out of the building.
